PLAN DESIGN

- We assist Tribes with customized benefit plan design that maximizes the use of IHS, tribal clinics, CHEF funds and other tribal resources.

CLAIMS PROCESSING

- Our state-of-the-art claims processing system allows us to process claims for self-funded tribal member and employee plans.
- Our process includes pre-certification and coordination of services

MEDICARE-LIKE RATE PRICING

- We develop a custom hospital network for MLR pricing and establish discounts for non-MLR services.
- We are able to separate tribal member employees from your self-funded employee plan to provide MLR pricing
- We process claims for MLR pricing at the time of initial payment to:
 - Maximize cash flow
 - Eliminate recovery of the claims the tribe has overpaid
 - Reduce duplication of admin and recovery fees
- We provide post adjudication repricing

REPORTING

- We provide a data warehouse and analytical tool that integrates claims information from the tribal clinic, the self-funded member plan, and the employee plan.
 - This tool provides the Tribe with a comprehensive overview of claims, services provided, and overall health risk of the Tribe

STOP-LOSS

- We provide the Tribe the documentation needed to file for CHEF reimbursement.
 - We are also able to provide additional stop-loss when CHEF reimbursement is not provided.

CASE MANAGEMENT

- We provide case management that coordinates all tribal resources to ensure the best managed care for the member and the Tribe.
- We provide wellness and disease management services.

CULTURE

Understand and respect each Tribe's culture
